To whom it may concern,

The Penobscot County Conservation Association would like to confirm its strong approval and continued support to SAM and the leadership of Executive Director, David Tralton. We, the PCCA, strongly feel that under David's leadership SAM is once again going in the right direction as a representative of Maine's sportsmen. We sincerely hope that SAM's leadership and Board support David in continuing to move in this direction. It is refreshing to see SAM working together with many organizations that it was confrontational in the Past. We can accomplish much more for Maine's sportsmen by working together.

Sincerely,

Woody Higgins

1<sup>st</sup> Vice President

Penobscot County Conservation Association
